About Maria Sereena

Maria Sereena works as a spiritual teacher and healer since her awakening after her near death experience. This deeply changed everything in her life.

Her strong inner guidance and the connection to her spiritual guides have been brought back to her consciousness. This quickly became very natural to her. She is deeply guided from her inner source and loves to teach others how to get into that merging with the divine, to awaken their inner guidance, the connection to the source of love, light and all that is.

„Maria is a gifted, caring, passionate and wise spiritual teacher and healer. Her guidance is accurate deep and insightful. For anyone on a spiritual path, she is a dear friend and a powerful inspiration.“
